YOUNGCARERS

If you're a young carer, sometimes your school work can fall by the wayside.

A young carer is anyone aged 11 to 18

inclusive who cares, unpaid, for a family

member, friend or member of their community, regularly and on

a long-term basis. No matter how big or small your caring role is,

the Young Carers Package is here to provide support and

recognition for your hard work whether it's in school or out.

# Back to School with Young Scot **First Day Back** Sometimes the first day back can be overwhelming and a good way to look after your mental health is to focus on the positives. Write down one thing that went well on your first day. What was your favourite class today? Write down one thing you learned today. What are your goals for this year?
