A survey of young people in Scotland as lockdown begins to ease

Appendices

Appendix 1: Survey Methodologies
Appendix 2: Full thematic analysis of responses to the question <i>Could you tell us more about your answer above?</i> (Primary education)
Appendix 3: Full thematic analysis of responses to the question <i>If there is anything that you would like changed about the current arrangements for your learning please let us know.</i> (Secondary education)
Appendix 4: Full thematic analysis of responses to the question What kind of support could schools or organisations for young people provide to help with your education? (Secondary education)
Appendix 5: Full thematic analysis of responses to the question <i>If there is anything that you would like changed about the current arrangements for your learning please let us know.</i> (College, University, Apprenticeship or Training)
Appendix 6: Full thematic analysis of responses to the question What kind of support could schools or organisations for young people provide to help with your education? (College, University, Apprenticeship or Training)
Appendix 7: Full thematic analysis of responses to the question What role do you feel that youth work will play for young people as Scotland eases out of lockdown?
Appendix 8: Full thematic analysis of responses to the question <i>As lockdown restrictions</i> ease, plans are being made to create more opportunities for young people to socialise, take part in a range of activities over the summer holidays and to open up community spaces. Please tell us what would be of most benefit to you and your friends over the summer holidays
Appendix 9: Full thematic analysis of responses to the question <i>Is there anything that could help you improve your relationships that have been negatively impacted by the pandemic?</i>
Appendix 10: Full thematic analysis of responses to the question <i>Thinking about the future, what ways would you like to receive support around your employment?</i>
Appendix 11: Full thematic analysis of responses to the question <i>Are there any ways in which you would like to receive support for any of the issues raised in this section of the survey?</i>
Appendix 12: Full thematic analysis of responses to the question <i>Are there any topics not included above that you would like more information about at this time</i>
Appendix 13: Full thematic analysis of responses to the question <i>If there are ways in which provision of information around coronavirus (COVID-19) could be improved, please use the box below to tell us your ideas.</i>

Appendix 1: Survey Methodologies

Survey 1

- 1. Survey questions were developed in partnership with YouthLink Scotland and the Scotlish Youth Parliament over Basecamp.
- 2. The survey was split into three sections:
 - Your concerns regarding the impact of coronavirus (COVID-19)
 - Access to information
 - The role of decision makers
- 3. The survey was created on Young Scot's third-party survey tool, Alchemer, and was launched on 3rd April 2020.
- 4. The survey was live for two weeks, closing on 17th April 2020. It was promoted through social media channels for all organisations, and the link was disseminated to relevant partners for sharing.
- 5. There were 2,421 responses in total. All analysis was completed by Young Scot's Insight and Intelligence Officer for consistency. Quantitative results were analysed in Excel and Tableau. Qualitative results were analysed using NVivo software.
- 6. Ethical considerations: All responses were anonymous in order to eliminate response identification. Respondents were also asked if they would be happy for their responses to be anonymously quoted all quotes in the report documents are from respondents who selected Yes to this question.

Survey 2

- 1. Survey questions were developed in partnership with the Scottish Government, YouthLink Scotland the Scottish Youth Parliament. The original themes from the first survey were expanded upon, creating five sections:
 - Impact of coronavirus (COVID-19) on education
 - Impact of coronavirus (COVID-19) on your relationships
 - Impact of coronavirus (COVID-19) on employment
 - Impact of coronavirus (COVID-19) on you
 - Access to information
- 2. The survey was created on Young Scot's third-party survey tool, Alchemer, and was launched on 28th September 2020.
- 3. The survey was live for five weeks, closing on 3rd November 2020. It was promoted through social media channels for all organisations, and the link was disseminated to relevant partners for sharing. In order to increase accessibility, an offline version of the survey was created in a Word document and available upon request.
- 4. There were 6,043 responses in total. Quantitative results were analysed in Excel and Tableau. Qualitative results were analysed using NVivo software.
- 5. Due to the large number of qualitative responses (over 12,000), the analysis of these questions was split between Young Scot's Insight and Intelligence Officer and YouthLink Scotland's Senior Policy and Research Officer. The table below demonstrates the question analysis breakdown:

A survey of young people in Scotland as lockdown begins to ease

Question	Responses	Analyst
Is there anything that you would like changed about the current arrangements for your educational course?	2,547	Voung Coot, Incight and
Do you have any further thoughts about the impact of coronavirus on education?	1,997	Young Scot: Insight and Intelligence Officer
Do you have any further thoughts about the impact of coronavirus on your relationships?	2,679	
Do you have any further thoughts about the impact of coronavirus on employment?	1,982	YouthLink Scotland: Senior Policy and Research Officer
Do you have any further thoughts about the issues explored in this section?	1,634	Young Scot: Insight and Intelligence Officer
Are there any topics not included above that you would like more information about at this time?	1,113	YouthLink Scotland: Senior Policy and
Do you have any further thoughts about accessing information about coronavirus?	1,023	Research Officer

6. Ethical considerations: All responses were anonymous in order to eliminate response identification. Respondents were also asked if they would be happy for their responses to be anonymously quoted – all quotes in the report documents are from respondents who selected *Yes* to this question. Young people's wellbeing was considered due to the sensitive nature of some of the topics included. In response to this consideration, young people completing the survey were signposted to support on the final page.

Survey 3

- 1. Survey questions were developed in partnership with the Scottish Government, YouthLink Scotland the Scottish Youth Parliament. The themes from the second survey were expanded upon, creating eight sections:
 - Impact of coronavirus (COVID-19) on primary education
 - Impact of coronavirus (COVID-19) on secondary education
 - Impact of coronavirus (COVID-19) on higher or further education and training
 - Impact of coronavirus (COVID-19) on youth groups
 - Impact of coronavirus (COVID-19) on your relationships
 - Impact of coronavirus (COVID-19) on employment
 - Impact of coronavirus (COVID-19) on you
 - Access to information
- 2. The survey was created on Young Scot's third-party survey tool, Alchemer, and was launched on 31st March 2021.
- 3. The survey was live for two months, closing on 31st May 2021. It was promoted through social media channels for all organisations, and the link was disseminated to relevant partners for sharing.
- 4. There were 2,404 responses in total. Quantitative results were analysed in Excel and Tableau. Qualitative results were analysed using NVivo software.

- 5. Due to the reduced number of qualitative questions in this version, all analysis was completed by Young Scot's Insight and Intelligence Officer for consistency.
- 6. Ethical considerations: All responses were anonymous in order to eliminate response identification. Respondents were also asked if they would be happy for their responses to be anonymously quoted all quotes in the report documents are from respondents who selected *Yes* to this question. Young people's wellbeing was considered due to the sensitive nature of some of the topics included. In response to this consideration, young people completing the survey were signposted to support on the final page.

A survey of young people in Scotland as lockdown begins to ease

Appendix 2: Full thematic analysis of responses to the question *Could* you tell us more about your answer above? (Primary education).

The "answer above" refers to the question Schools were closed from March until August 2020. They were also closed again from December 2020 and started to re-open in spring 2021. Was it easier or harder for you to learn from home during the second school closure? (Primary education).

Use of Microsoft Teams (general) Improvement in online resources (general) Teachers were more prepared Better understanding of Microsoft Teams Increased contact with teacher Access to school Ipad Felt more mature In school while others weren't Guidelines were clearer Went to a hub More apps were set up for home learning More organised (general) One parent was dedicated to helping out due to lost job Use of Microsoft Teams meant the whole class could be seen Increase in online lessons	3 2 2 2 2 2

methous	Group work	3
	Improve homework	2
	Group classes according to understanding of topic	2

	Cupport in a specific subject	1
	Support in a specific subject More motivation or encouragement from teachers	1
		1
Hanny with current arrangements	Intensive learning over a shorter period of time	30
Happy with current arrangements	Happy with current arrangements Enforce social distancing	14
	Enforce use of face coverings	7
Enforce cafety measures in school		3
Enforce safety measures in school	Ensure teachers are also following safety rules	
	Enforce safety rules (general)	3
	Enforce open windows	2
	Increase live online teaching	7
	Make online lessons more interactive	7
	Improved online learning (general)	3
	Reduce screen time	2
Toronto contrato de collega la comica de	Allow online peer group discussion	
Improvements to online learning	Smaller groups for online learning	1
	Shift online learning to later in the day	1
	Introduce firm timetable for learning at home	1
	Support with online learning	_
	All lessons accessible online	1
	Reduce length of online school day	1
Online or home learning professed	Online learning full-time Felt safer learning from home	20
Online or home learning preferred		6
	Online learning until the end of the school year	1 15
Montal booth support	Acknowledgement of impact on mental health	
Mental health support	Reduce stress (general)	2
	Dedicated space to talk about issues during this time	
	Start the school day later Alter lunchtimes or breaktimes	5 5
Alteration to school day		
Alteration to school day	Dislike long periods	5 3
	Reduce length of school day on exam days Longer lessons	1
	Reduce workload	8
	Reduce pace of learning	6
Difficulty with workload or pace of	Extend work deadlines	1
learning	Extension of the school year into the summer	1
	Reduce homework	1
	Return to school was rushed	6
Difficulty with return to school	Return to school was difficult to adjust to	5
	Improved support (general)	8
	Improved support (general) Improved resources (general)	1
General improvements	Equality (general)	1
	Improved organisation (general)	1
	Feel like they've had to teach themselves	7
Teaching during lockdown was not	Pupils were not taking part in classes when learning from home	1
satisfactory	Learning impacted when other pupils self-isolate	1
	Different year groups to attend on different days	4
Alteration to school week	Alter timetable	3
	Half day on Friday	2
	Allow PE to return to normal	4
Allow extracurricular activities or	Allow clubs	2
PE	More PE	2
	Allow school trips	1
Improved support for specific	Feeling unsupported as unable to return to school in person	3
groups	Improved structure for those self-isolating	3
	1	

	Support with additional needs	2
	Increased support for those leaving school in 2021	1
	Improved access to technological resources	7
Access to resources	Access to study resources	1
	Allow movement between classrooms	2
	Stagger movement through the school	2
Movement around the school	One-way system	1
	Difficulty navigating way around school	1
	Increase space in hallways	1
	Option to study from home	4
Allow young people to have their	Allow young people to have their say	2
say	More choice of topics	1
	Return to normality	3
Comment on wider restrictions	Confusion around impact of restrictions	1
	Reduce wider restrictions (level system)	1
	Consistent approach across Scotland	2
Consistency between schools	More consistency (general)	1
	Disparity between state school and private school approach	1
Difficulty with transitions or	Missing out on milestones	2
Difficulty with transitions or milestones	Difficulty transitioning between primary and secondary school	
Hillestones	during lockdown	2
Other aspects of school	No school uniform	2
Other aspects of school	School meals	1
Additional work	Increase assessments	1
	Additional assessments for those who underperformed	1
Issue with specific school or	Issue with specific teacher	1
teacher	Criticism of specific school	1
	Re-do this school year	2
	Study periods are not helpful	2
	General negative comment	2
	No longer interested in school	1
	Difficulty with blended or hybrid learning	1
	Criticism of study leave for exam skills	1
	Easy and regular access to Lateral Flow Device tests	1
	No divide between home life and school life	1
Other	Felt safer when less pupils were in the school building	1
	Access to placements	1
	Want to switch classes	1
	Unsure why they still have to go to class although assessments	
	are over	1
	Where they sit in the classroom	1
	Mostly sitting by themselves	1
	Access to more outdoor space	1
	Get a full summer holiday	1

Appendix 4: Full thematic analysis of responses to the question What kind of support could schools or organisations for young people provide to help with your education? (Secondary education).

Main Theme	Theme	Responses
	Dedicated time to catch up or study	162
Dedicated study time or space	Dedicated time for revision	27
	Study leave	16
	Online supported study	8
	Summer classes	4
